

The Smartie Challenge !

Our school has chosen to raise money for Maggie's, a charity which supports people with cancer. We would like to fundraise by doing a Smartie challenge. Before half term the children will come home with a tube of Smarties that we would like them to enjoy. After they have emptied their tube (we bet it doesn't take long !) we would like them to try to fill their tube with as many 20p coins as they can collect. All of the Smartie tubes need to be returned back to school **by Friday 7th November**, when there will be a class competition to see which class has raised the most money from the Smartie challenge.

Then, each class will keep £20 of the money that they have raised from the Smartie tubes; the remainder will go into our Maggie's fund. With the £20 each class retains, they will be taking part in an enterprise project to see which class can make their money grow the most. Each class can make or buy objects to sell, and this will be done before Christmas. All money made by the classes will go into our Maggie's fund. Thanks in advance for your fantastic support with this project. Good luck to each class !
