

PE and Sports Premium

The Government is continuing to provide funding of £320 million per annum for the academic year 2019/2020. This funding will be directly allocated to primary school head teachers to spend on improving the quality of sport and PE for all their children.

The sport funding can only be spent on sport and PE provision in schools. OFSTED will play a significant role in ensuring that schools target this funding in areas which will lead to clear outcomes in raising standards and opportunities in PE and school sport for all children throughout the Primary Phase.

Amount for Academic Year

At Preston Grange, this will be calculated at **£16,000 plus £10 per pupil** for 2019/2020.

In Year Variation

The premium does not have to be completely spent by schools in the academic year beginning 1 September 2019, some or all of it may be carried forward into the academic year beginning 1 September 2020 but must be spent by 31 March 2021.

Breakdown of Spend

- Develop staff subject knowledge for continued delivery of high-quality PE lessons £4000
- Maximise opportunities for children to be more active throughout the school day £4000
- Continued development of outdoor learning and activity £4000
- Development of PE curriculum, including the updating of equipment and resources where needed £3000
- Provide opportunities for children to experience a wider range of sport, activity and competition £3000

For a more detailed breakdown see the PE funding plan.

Effect on participation and attainment

We track participation in all extra-curricular activities which enables us to identify children who are making active and healthy choices. By analysing this data at regular intervals throughout the year we can target children who are not making active choices, open a dialogue with them about the benefits of sport and activity and find ways to engage them in active and healthy choices.

Ensuring Sustainable Improvement

A large proportion of our spend has been dedicated to improving the subject knowledge of staff delivering PE lessons and redesigning the PE curriculum ensuring that the benefits from the funding carry through into subsequent years. Encouraging healthy, active lifestyles is a vital part of our role as teachers and educators. It is not solely a PE and Sport issue, but one that filters through all aspects of school life at Preston Grange Primary. Every member of staff is aware of the benefits and impact that a healthy and active lifestyle can give. We have a robust tracking system in place to monitor children's activity levels. Data is shared with all staff ensuring a collective responsibility for promoting healthy and active lifestyles. We are then able to identify, target and provide opportunities for children who are not making active choices independently.

Swimming

Children attend swimming lessons in Year 3 Spring term, Year 3 Summer term and Year 4 Autumn term. Lessons are delivered by staff at Tynemouth Swimming Pool.

End of Year 4 block of swimming (current Year 6 2019-2020)

67% of children can swim competently, confidently and proficiently over 25m and achieved the further distance of 50m.
